

Brain Makers Website Video

Our Brain Makers Program was created to provide hands-on, creative ways to encourage brain injury survivors to showcase their crafting talents and provide a source of income from their sales on our online store.

Products include greeting cards, fused glass, crochet, Brain and Body aromas, and more!

Proceeds from our card sales sponsor attendees at Camp Dawn, a yearly retreat for brain injured survivors in Ontario.

We are always looking for brain injury survivor crafters to add to this program.
